

*Dedicated to a better Brisbane*

### To Whom It May Concern

I have been the CEO of Brisbane City Council for the past 10 years and I have known Mario Bojilov for the past year.

Mario is an acknowledged expert in the fields of Continuous Assurance and Data Analysis.

Since June 2009, he has been responsible for the implementation of Councils' Continuous Assurance Monitoring System (CAMS) Project. His drive and enthusiasm has facilitated the implementation of CAMS phases on time and within budget. When confronted with a road block, he uses novel approaches to keep things moving.

Mario is an excellent presenter and has been very effective at Audit Committee meetings and in presentations to management. I have been impressed by the concepts he has delivered and I have been knocked out by his prowess and his intellectual rigor.

I would highly recommend Mario to any organisation keen to see someone with his forensic and analytical ability.

Jude Munro
